12 October 2023

Dear Parent / Carer,

SCOPAY Online Payment System

In our drive for continual improvement we have recently agreed to move our parent online payments system from Wisepay to SCOPAY. The new system will still allow you to view balances and pay online for your child's food and drink, trips, event tickets and other items. To make paying even easier there will also be a mobile App you will be able to download.

Once SCOPAY is fully activated over the next week, we will be sending you details of how to create an account and log in.

To start the transition, we will be closing down access to Wisepay next week.

There will be no access to Wisepay from 8am on Thursday 19th October so please ensure your child's Wisepay balance has enough money to cover their food and drink until half term.

Any trip payments and remaining food and drink balances on Wisepay will be automatically transferred over to SCOPAY during the transition.

Yours sincerely

Sara Hamer
School Business Manager
