

27th March 2024

Dear Parents/Carers,

I hope this letter finds you well and your young people in high spirits as we rapidly approach the end of this pivotal year together. I am immensely proud of the dedication and resilience displayed by our students as they navigate the challenges and opportunities presented to them. As we approach the culmination of their time at our school, I encourage them to maintain this momentum as we enter the final stretch.

In preparation for the upcoming examinations, we will be offering Easter school revision sessions to provide additional support and guidance to our students. These sessions will serve as invaluable opportunities for reinforcement and clarification, assuring that every student feels confident and

prepared for success.

I would like to take this opportunity to remind you that all pertinent information regarding examinations, including timetables and revision resources, can be found on the school website. Please ensure that you and your child are familiar with these resources to facilitate effective preparation.

Positively You have recently been in school to complete workshops with our Year 11 students to support with their revision techniques. Since the workshop, the following “top tips” have been shared with us: “Here are three super-quick hacks that you might want to share with your child to help make their revision sessions and exam preparation more effective:

- **The 2-Minute Rule:** The 2-minute rule is very simple – if a task can be achieved in 2 minutes or less, just do it. The longer you put it off, the more opportunity it has to morph into a much larger task, or you risk forgetting to do it altogether.
- **Eat the Frog:** While it might not conjure up the nicest imagery, eating your frog is actually one of the most effective ways to prioritise your workload. It simply means to get your most difficult or daunting task out of the way first before you move on to something else.
- **No Notifications:** Your phone is a fantastic source of communication, entertainment, and knowledge, but it comes with a pretty hefty price – your attention. By limiting notifications, you will find yourself able to get much more (and higher quality) work done throughout the day.

Finally, I would like to extend a heartfelt message of support for our students. Myself and our tutors will be available to provide guidance and assistance to our Year 11 students as they conclude their time with us. Please do not hesitate to reach out if you or your child require any support or encouragement.
