Going Places with Geography

Studying geography will help you better understand the world's people, places and environments from the local to the global scales.

The skills and knowledge you gain from this subject, at GCSE, A Level or university, are relevant to almost all jobs and workplaces.

With rising numbers of students studying this subject, and geography graduates experiencing some of the lowest levels of graduate unemployment, there has never been a better time to study geography.

The Royal Geographical Society (with IBG)
 We are the learned society and professional body for geography and geographers. Founded in 1830, we are a world centre for geography: supporting research, education, expeditions and fieldwork, and promoting public engagement and informed enjoyment of our world.

The Society's schools work is supported by the Ordnance Survey.
 The Society's Geography Ambassadors programme is supported by Esri UK.

The distribution of these materials to London schools is supported by the Greater London Authority and Department for Education through the London Schools Excellence Fund.
