

Parent Opt-Out Consent Form

Study Title: *Validating The Resilience Ball Questionnaire*

Researchers: Dr Anna Doedens-Plant, Dr Cath Lowther, and Danny Wong

Supervisor: Dr Dave Damon

If you would like your child to be withdrawn from data collection, please return this opt-out form to Mrs Fodor (jfodor@christcollege.surrey.sch.uk) by 18.10.24.

Please initial the boxes to indicate that you agree with the statements below:

I have read and understood the parent/guardian information sheet and I have had the opportunity to ask questions about the study.

I do **not** wish for my child to take part in the online surveys.

I understand that my child will do an alternative activity, which will look like a quiz, whilst the surveys take place in my child's class.

There are no consequences for withdrawing your child from the study, and you do not have to explain why you do not wish them to take part. However, **if** you would like to give a reason why you do not wish your child to take part, please feel free to leave a comment in the space provided below:
